## EXPERIENCE

### Swipe (YC S21)

Android Developer Intern Dec 2025 – Present, Hyderabad

- Contributing to the development of Native Android mobile applications.
- Building UI screens using **Jetpack Compose**.

### TLDE Technologies

Software Development Intern Nov 2025 – Dec 2025, Remote

- Contributing to the development of **Kotlin Multiplatform (KMP)** mobile applications.
- Building cross-platform UI screens using **Jetpack Compose**.

### Mifos Initiative

Mifos Summer of Code Intern Nov 2024 – Sep 2025, Remote  
Open Source Contributor

- Selected for the prestigious **Mifos Summer of Code 2025** internship program, given to top contributors who narrowly missed Google Summer of Code.
- Worked on **3 production-level mobile applications** under the Mifos Initiative
- Authored **100+ PRs**, reviewed **150+ PRs**, resolved critical bugs, and co-authored module migrations and technical discussions.
- Migrated **20+ Android-specific modular architecture modules** to **Kotlin Multiplatform (KMP)** modules supporting **5 platforms**, improving cross-platform code reusability by nearly **70%**.

### MobileByteSensei

Mobile Development Intern May 2025 – Nov 2025, Remote

- Worked on **7 mobile applications**, including Android and Kotlin Multiplatform (KMP) apps.
- Built responsive UIs with **Jetpack Compose**, applying modern UX practices and Material 3 design principles.
- Implemented the **WhatsApp Status Downloader** feature, boosting installs from **1000 to 5000+**.
- Handled permissions, storage access, localization, and Android version compatibility.

## PROJECTS

### r-components - Android UI Library

GitHub | Sample Project

- Technologies:** Kotlin, Jetpack Compose, Material 3, Gradle, JitPack.
- An Android library that provides **customized Jetpack Compose UI components**, enabling developers to integrate ready-made elements without building them from scratch.
- Published on GitHub with a sample project demonstrating integration and usage.

### Other Projects:

Meme Studio | Finance-Client | Kisan Connect | Mifos Apps

## SUMMARY

Contributed to 10 production Android apps and 100+ open-source PRs. Skilled in Kotlin, Jetpack Compose, cross-platform apps, CI/CD pipelines, and Firebase App Distribution. Focused on clean code and modern Android architecture.

## SKILLS

Languages	Kotlin, Java, JavaScript, SQL
Frameworks	Jetpack Compose, KMP, CMP, React, Express, Node.js, Firebase
UI Libraries	Material3 UI, Jetpack Navigation, Coil
Networking	Retrofit, Ktorfit
Databases	MongoDB, SQL, SQLite, Firebase, Firestore
DI	Koin, Hilt
Tools	Git, GitHub, Jira, Slack, Postman, Figma
IDEs	Android Studio, VSCode

## ACHIEVEMENTS

- Qualified GATE CS 2025.
- LeetCode Knight Badge.
- GFG Institute Rank 1 in DSA.

## CODING PROFILES

LeetCode      GeeksforGeeks  
HackerRank      Coding Ninjas

## EDUCATION

RGUKT IIIT      2022 – Present  
RK Valley, Kadapa  
B.Tech CSE, CGPA: 9.0/10

RGUKT IIIT      2020 – 2022  
Pre-University MPC, CGPA: 9.88/10

## HOBBIES

Badminton, Chess, Attending Android workshops
