SUMMARY

Android Developer with production experience across **10+ mobile applications** spanning **4 companies**, building and scaling apps using **Android (Jetpack Compose, MVI)** and **Kotlin Multiplatform (KMP)** across Android, iOS, Desktop, and Web. Currently **SDE 1 - Android** at **Swipe (YC S21)**. Passionate about open source — selected for **Mifos Summer of Code 2025** and currently mentoring developers for **GSoC** and **C4GT 2026**.

EXPERIENCE

SDE 1 - Android — *Swipe (YC S21), Hyderabad*

Dec 2025 – Present

- Modernized **10 production flows comprising 70+ screens** by migrating legacy XML UI to Jetpack Compose and implementing scalable multi-module MVI architecture.
- Refactored features into independent modules using Kotlin, Coroutines, Flow, Hilt, Retrofit, Room, and Clean Architecture, improving maintainability and scalability.
- Investigated and resolved **50+ production crashes**, UI defects, and customer-reported issues using Firebase Crashlytics and Intercom, improving application reliability and user experience.

Open Source Mobile Developer — Mentor — *Mifos Initiative, Remote*

Nov 2024 – Present

- Selected for **Mifos Summer of Code 2025** (awarded **\$2,500 stipend**) and currently mentoring developers for **GSoC** and **C4GT 2026**.
- Migrated **20+ modules** to Kotlin Multiplatform and modernized **150+ screens**, enabling shared codebases across Android, iOS, Desktop, and Web.
- Authored **110+ pull requests** with a **98% merge rate** and reviewed **230+ pull requests** across multiple production fintech applications.

Mobile Development Intern — *MobileByteSensei, Remote*

May 2025 – Nov 2025

- Developed features across **7 production mobile apps** using Jetpack Compose and Material 3.
- Implemented **WhatsApp Status Downloader** feature, growing installs from **1K to 10K+**.

SKILLS
